

Inspira Proctoring

Expand Your Exam Hall.

Flexible, Scalable, Live and Recorded Remote Proctoring

Whether it's to free up space on site, expand the timeslots in which a candidate can take an exam, or offer them the choice of a more convenient location to take their exam, Inspera Proctoring offers you a flexible range of proctoring options integrated directly into Inspera Assessment or your LMS.

Inspira Resilience Proctoring

The Recorded and Offline Option

This recorded proctoring solution within Inspera Assessment records video, audio and the screen for your post exam review. It continues recording offline even in the event of a dropped connection, ready to be synchronized at the end of the exam.

Inspira Record and Review Proctoring

The Recorded-With-Inspira-Proctors Option

Optimize your academic integrity decision-making process. Our expert reviewers will conduct a first-level check following an exam with our advanced recorded proctoring solution.

Inspira Recorded Proctoring

The Advanced Recorded Option

Proctor at scale with our advanced recorded proctoring solution that gives your integrity checkers more data points to make their decisions, with a streamlined review process to efficiently determine conduct in each exam.

Inspira Live Proctoring

The Live Option

When you need to make academic conduct decisions in real time, our live proctoring service allows our or your expert proctors to monitor and intervene while an exam takes place, assisted by our advanced flagging to improve decision making during and after the exam.

How Does Inspera Proctoring Work?

Human Decisions

Humans, not a machine, make a decision whether your academic regulations have been met. View the entire recording or focus on flagged behaviours generated by AI and – with selected configurations – human proctors.

Privacy

Decide what to record; screen, microphone, up to two cameras or a selection. Alleviate privacy concerns by only recording what's important to maintain integrity.

Identity Checks

Verify the identity of a candidate so that you can have confidence that the right person is taking an exam.

Academic Integrity

Access with a recording of each exam to make decisions on academic misconduct and for audit purposes.
